

1. Design and structure of composite nonwovens used as clothes dryer seals and for rehabilitation of pipelines
A.Giustiniani (2009)
Nonwoven and technical textiles, July-September P.No 23
2. Structural effects of ester and benzenedicarboxylate units on behaviors of water soluble polyester film
Engi jin (2010)
Manmade Textiles In India, January P.No 5-9
3. Dyeing of banana blended fabric with natural dyes
Renu singh (2010)
Manmade Textiles In India, January P.No 10-14
4. Effect of specialty finishes on handloom woven furnishing fabrics with different fiber contents
Hemalatha jain (2010)
Manmade Textiles In India, January P.No 19-22
5. Effect of enzymatic treatment on the dimensional properties of viscose weft knitted fabrics
J.C.Sakthivel (2010)
Manmade Textiles In India, February P.No 23
6. Towards popularizing Agro textiles India
U.K.Gangopadhyay (2010)
Manmade Textiles In India, February P.No 41
7. Effect of silicone and urethane finishing treatment on performance properties of enzyme treated wood/cotton union fabric
L.Ammayappan (2010)
Manmade Textiles In India, February P.No 47
8. Biotechnology in today's textiles
S.K. Malika (2010)
Manmade Textiles In India, March P.No 81
9. Antimicrobial finishing of textiles
Vishnu.A (2010)
Manmade Textiles In India, March P.No 89

10. Studies on crosslinking of sericin on polyester fabric
Prakash.N.Bhat (2010)
Manmade Textiles In India, March P.No 96
11. A comparative study on tassar cocoon cooking – pressurise V/S Improved method
Ravikumar.D (2010)
Manmade Textiles In India, March P.No 100
12. Studies on Influence of different cocoon drying on reeling performance and mechanical properties of raw silk
S.T.Venu (2010)
Manmade Textiles In India, March P.No 103
13. Application of evaluation of pekoflam(flame retardant) finish to cotton fabric
J.Hayavadana (2010)
Manmade Textiles In India, April P.No 121
14. Chemical finishing and washing of knitwear
N.Gokarneshan (2010)
Manmade Textiles In India, April P.No 133
15. Effect of wood pulp in effluent characteristics
P.Gnanavel (2010)
Manmade Textiles In India, April P.No 138
16. Evaluation of low stress, surface properties and total hand value of red eri spun silk fabric
K.P.Shiavakumar (2010)
Manmade Textiles In India, May P.No 161-166
17. Extraction & Application of natural dyes on silk and cotton fabric
A.V.Shiva prakash (2010)
Manmade Textiles In India, May P.No 174-179
18. Defence textiles' –An Overview
P.Valia (2010)
Manmade Textiles In India, June P.No 201-206
19. Ozone and Ozone fading of denim
Ragul gulgani (2010)
Manmade Textiles In India, June P.No 207-210

20. Studies on effect of washing cycles over natural chrome and lusture of muga, tasar and nistari silk fabrics
Ravikumar.D (2010)
Manmade Textiles In India, June P.No 211-215
21. Significance of microbiological tests in technical textiles
Shradha shirade (2010)
Manmade Textiles In India, July P.No 241-249
22. Dyeing wool with vegetable dyes and synthetic mordants
Pankaj gill (2010)
Manmade Textiles In India, July P.No 250-258
23. Study the effect of natural dye (lac) on selected silk fabrics
Raaja (2010)
Manmade Textiles In India, July P.No 259-263
24. Ecofriendly and energy saving of dyeing woollen fabrics with sticta coronata lichens
Heba.F.Mansour (2010)
Manmade Textiles In India, July P.No 264
25. Carbon nanotubes and its properties
R.P.Singh (2010)
Manmade Textiles In India, August P.No 285-287
26. Preparation of full bleached jute fabric by enzyme application
Nimai Chandrapan (2010)
Manmade Textiles In India, August P.No 288-290
27. Bamboo plant to fibre An approach to various implications
Alka goel (2010)
Manmade Textiles In India, August P.No 291-295
28. Studies on properties of polyester and nylon air jet textured yarns
(2010)
Manmade Textiles In India, September P.No 299-301
29. Studies on Glass/CV laminates from conductive hybrid yarns
H.Mankodi (2010)
Manmade Textiles In India, September P.No 325-328

30. Application of Geo synthetics Area of technical textiles
A.Goel (2010)
Manmade Textiles In India, September P.No 325-32
31. Application of Electrospun nano fibre in Medical field
R.Neela kandan (2010)
Manmade Textiles In India, September P.No 338-344
32. Innovative fibre –Rock Fibre (Basalt)
(2010)
Manmade Textiles In India, October P.No 369-372
33. Nano particles-Application in textile finishing
S.B.Raut (2010)
Manmade Textiles In India, December P.No 432-437
34. Effect of plasma treatment on the properties of cotton, polyester and polyester/cotton fabrics
A. Desai (2010)
Manmade Textiles In India,December P.No 447-451
35. Recent developments in protective textiles
P. A.Prince (2011)
Manmade Textiles In India, January P.No 4-9
36. Comfort properties of high performance fibres for defence applications
A. Rosy (2011)
Manmade Textiles In India, February P.No 61-65
37. Development of Innovative fibrous structure ‘Agro Mat’ for Horticultural applications
A.Katyal (2011)
Manmade Textiles In India, April P.No 117-121
38. Effect of plasma density on surface morphology and mechanical properties of wool fibres
S.Tyagi (2011)
Manmade Textiles In India, April P.No 137-140

39. Development of bonded fabric using non-biodegradable waste for developing consumer products
B. Bhati and M. Srivatva (2011)
Manmade Textiles In India May P.No 155-159.
40. Chemical protective clothing
K. Mani and V. Sivakkumar (2011)
Manmade Textiles In India, June P.No 189-193.
41. Technical fortunes
Adrian Wilson (2010)
Textile Month, January, P.No 12-16
42. Basalt benefits
Valia sanket (2010)
Textile Month, February P.No 40-42
43. Nano Protection
(2010)
Textile Month, March P.No 32
44. Textiles in transportation
Vishnu.A (2010)
Journal of textile association, March-April P.No 289
45. Defence textiles, Altaz sundrani& chintan navin vora Institute of chemical Technology
(2010)
Journal of Textile Association, September-October P.No 128
46. Applications of high performance auxetic materials in textiles
T.Karthik and P. Ganeshan (2010)
Asian Textile Journal, December P.No 34
47. Production of carbon fibres
Erwin Glawion (2010)
Asian Textile Journal, December P.No 58
48. Nonwovens for acoustic control in automobiles and Interior of buildings
K.P. Chellamani and R.S. Vignesh Balaji (2010)
Asian Textile Journal, October P.No 27

49. Jute reinforced composite
Debi Prasad Gon (2010)
Asian Textile Journal, October P.No 66
50. Engineering clothing and ultraviolet protection
Biswa Ranjan Das (2011)
Asian Textile Journal, January P.No 28
51. Innovations in active sports wears
S.Sakthivel, L.Karthikeyan, S.Prakash and B.Anandhkumar (2011)
Asian Textile Journal, January P.No 46
52. Seat belt
R.Senthil Kumar (2010)
Asian Textile Journal, July P.No 27
53. Braided preforms for technical textiles
K.P. Chellamani and R.S. Vignesh Balaji (2011)
Asian Textile Journal, March P.No 47
54. Functionalised Nano finishes for textiles
A.I.Wasif and R.H.Deshpande (2011)
Asian Textile Journal, March, P.No 56
55. Technical aspects of tyre cord
Debi Prasad Gon and Palash Paul (2011)
Asian Textile Journal, April, P.No 62
56. Development of high performance polymer fabric tape as load bearing member in opto electronic sensor system
K. P. Chellamani and M. K. Vittopa (2011)
Asian Textile Journal, Vol. 20(6), June P.No 39-45.
57. A review on national and international scenario on combat uniform
M. S. Parmar, M. Singh, Santhos K. Singh and Preeti Kaur Sachdeva (2011)
Asian Textile Journal, Vol. 20(6), June P.No 55-57.
58. Parachute: The aerodynamic lifting and deaccelerating device
Gunneet Dhiman and J. N. Chakraborty (2011)
Asian Textile Journal, Vol. 20(6), June P.No 66-75

59. Keratin based bio-composites – A review
Varun S. Goud (2011)
Asian textile journal, Vol 20(6), June P.No 77-81
60. The promising future of polymer nano composites
R K Nayak, R Padhye, L Arnold and B K Behera (2010)
Textile Asia, February-March P.No 25
61. Nano structure fibre for fire safety suits
(2010)
Textile Asia, February-March P.No 57
62. Carding system for hydro entangled light weight products
(2010)
Textile Asia, February-March P.No 60
63. Innovative application of nano fibre
(2009)
Textile Asia, January
64. Thriving Asian market for spun lace
(2010)
Asian Technical Textiles, July-September
65. British technical textile and machinery
(2010)
Asian Technical Textiles, July-September
66. Nonwovens in china
(2010)
Asian Technical Textiles, October-December
67. Development in the process and product applications of wet laid nonwovens
(2010)
Asian Technical Textiles, October-December
68. Italian tech textiles machinery
(2010)
Asian Technical Textiles, October-December

69. Textiles composites for Aerospace application
(2010)
Asian Technical Textiles, October-December
70. Recent developments and future opportunities in nonwoven tech textile
(2010)
Asian Technical Textiles, October-December
71. Innovations & Products
(2010)
Asian Technical Textiles, October-December P.No 57
72. Manufacturers / Suppliers Indian tech textiles
(2010)
Asian Technical Textiles
73. Manufacturers / Suppliers Indian tech textiles
(2010)
Asian Technical Textiles
74. German technical textiles MFRS
(2010)
Asian Technical Textiles, April-June P No 29
75. Moisture management in synthetic textiles
Rolisingh and Deepti Gupta (2010)
Asian Technical Textiles, April-June P.No 47
76. Innovative adhesives for membrane lamination
Martin Schindler, Jaroslav Hellwig and Michael Klaes (2010)
Asian Technical Textiles, April-June P.No 57
77. New directions for nonwovens
(2010)
Asian Technical Textiles, April-June P.No 63
78. Green Technical Textiles
(2010)
Asian Technical Textiles, April-June P.No 65

79. New technology for woven ropes
Roland Seidl (2011)
Asian Technical Textiles, Vol 5(1), Jan-Mar p.no-34-35
80. Super hydrophobic surface development on Textile substrate
B. R. Das and S. M. Ishtiaque (2011)
Asian Technical Textiles, Vol 5(1), Jan – Mar P.No. 37-40
81. Overview of Nonwovens
AvinashMayekar (2011)
Asian Technical Textiles, Vol 5(1), Jan-Mar P.No 41-47
82. Global market of composites
(2011)
Asian Technical Textiles, Vol 5(1), Jan-Mar, P.No 51-54
83. Wetlaid technology for advanced nonwovens
Dipling Loamnis Lappas (2011)
Asian Technical Textiles, Vol 5(1), Jan-Mar, 55-57
84. Application of polymeric nanofibers
Mangla Joshi, B. S. Butola and Kasturi Saha (2011)
Asian Technical Textiles, Vol 5(2), Apr-June, P.No 30-35
85. Future market scenario in India of technical textiles
B. V. Rajesh (2011)
Asian Technical Textiles, Vol 5(2), Apr-June P.No 37-43
86. Intrinsically conductive polymer coated textiles for futuristic applications
Anmol J. Patel and Smita C. Deogaonkar (2011)
Asian Technical Textiles, Vol 5(2), Apr-June, P.No 44-47
87. A vision for India composite technologies
Sangeetha Bakshi and Soumitra Biswas (2011)
Asian Technical Textiles, Vol 5(2), Apr-June P.No 48-52
88. A novel approach for surface functionalisation of textiles plasma processing
Kiren H. Kale and Shital S. Palaskar (2011)
Asian Technical Textiles, Vol 5(2) P.No 57-60

89. Effect of launderings on flammability characteristics of FR treated cotton fabric
Mamta Rana, K. Khambra, N. Yadav (2011)
Textile Trends, Vol LIII (11) Feb P.No 41-44
90. Development of asphalt overlay fabric from jute
M.Ghosh (2010)
Journal of Textile Institute, May P.No 431-442
91. Novel space three-dimensional polyester fabric with B-cyclodextrin & butane tetra carboxylic acid
M.Montazer and M.M.Jolaei (2010)
Journal of Textile Institute, June P.No 165-172
92. Responses of 3-D biaxial spacer weft knitted composite circular plate under impact loading , Part 1 : Unit cell and elasto-plastic constitutive model
Baozhong sun, Hong Hu and Bohong gu (2010)
Journal of Textile Institute, Vol 101(1), Jan P.No 28-34
93. Responses of 3-D biaxial spacer weft knitted composite circular plate under impact loading , Part 2 : Impact tests and FEM calculations
J. J. Li, Baozhong sun, Hong Hu and Bohong gu (2010)
Journal of Textile Institute, Vol 101(1), Jan P.No 35-45
94. Analysis of water absorbency into knitted spacer structures
Tilak Dias and Gunathilake B. Delkumburewatte (2010)
Journal of Textile Institute, Vol 101(2), Feb P.No 143-153
95. Novel spacer three dimensional polyester fabric with β -cyclodextrin and butane tetra carboxylic acid
M. Montazer, M. M. Jolaei (2010)
Journal of Textile Institute, Vol 101(2) Feb P.No 165-172
96. Improvements in the warp knitting process and new patterning techniques for stitch bonded textiles
J. Hausding and C. Cherif (2010)
Journal of Textile Institute, Vol 101(3), Mar P.No 187-196
97. Structural analysis of pore size distribution of nonwovens
Rawal (2010)
Journal of Textile Institute, Vol 101(4), Apr P.No 350-359

98. Dimensional stability of multi axis 3-D woven carbon preforms
K. Bilisik (2010)
Journal of Textile Institute, Vol 101(5), May P.No 380-388
99. Major factors affecting the performance of ESD-protective fabrics
A. Hebeish, M. A. El-Gamal, T. S. Said and R. A. M. Abd El – Hady (2010)
Journal of Textile Institute, Vol 101(5), May P.No 389-398
100. Addition effect of nanoparticles on the mechanical properties of coated fabrics
K. Abid, S. Dhouib and F. Sakli (2010)
Journal of Textile Institute, Vol 101(5), May P.No 443-451
101. Study of stain eliminating textiles using ZnO nanoparticles
S. Kathirvelu, Louis D'Souza and Bhaarathi Dhurai (2010)
Journal of Textile Institute, Vol 101(6), June P.No 520-526
102. Synthesis and application of a durable phosphorus/Silicon flame retardant for cotton
Xuezhao (2010)
Journal of Textile Institute, Vol 101(6), June P.No 538-546
103. Effect of magnetic force on stability of the electro spinning process
Zhong-fu Ren, Bao-zhi Liu, Gui-Qin Liu and Yong-Xiang Kang (2010)
Journal of Textile Institute, Vol 101(6), June P.No 571-574
104. A probabilistic model for the permeation of gases through micro porous membranes
T. Turel et al. (2010)
Journal of Textile Institute, Vol 101 (7), July P.No 583-594
105. Modelling the geometry of the repeat unit cell of three dimensional weave architectures
S. Buchanan (2010)
Journal of Textile Institute, Vol 101 (7), July P.No 679-685
106. Three Dimensional Analysis of Segmented Pie Bicomponent Nonwovens
E.Shim et al.-(2010)
Journal of Textile Institute, Vol 101(9), Sep P.No-773-787
107. A modelling study on the lateral compressive behaviour of spacer fabrics
M. Sheikhzadeh et al. (2010)
Journal of Textile Institute, Vol 101 (9), Sep P.No 795-800

108. An experimental investigation of nonwoven filter cloth with and without reinforcement of woven fabric
M. Eyukeekkaya et al. (2010)
Journal of Textile Institute, Vol 101 (11), Nov P.No 950-957
109. Multi axis three dimensional circular woven pre forms – “Radial crossing weaving” and “Radial in-out weaving” preliminary investigation of feasibility of weaving and methods
K.Bilisik (2010)
Journal of Textile Institute, Vol 101 (11), Nov P.No 967-987
110. Design and Characterization of Non woven fabrics for gas diffusion layer in polymer electrolyte membrane fuel cell
L.Isikel et al., (2010)
Journal of Textile Institute, Vol 101: 11 Nov P.No 1006-1014
111. Eco- Friendly plasma treatment of linen containing fabric
N.A. Ibrahim, (2010)
Journal of Textile Institute, Vol 101:12 Dec P.No: 1035-1049
112. Identification of Non Woven uniformity using generalized Gaussian density and fuzzy neural network
F. Liu., et al., (2010)
Journal of Textile Institute, Vol 101: 12 Dec P.No: 1080-1094
113. Fault detection in braiding utilizing low cost USB machine vision
D. Branscomb (2011)
Journal of Textile Institute, Vol: 102:7 July P.No: 568-581
114. Permeability anisotropy of flax non woven mats in vacuum assisted resin transfer molding
D. Xcee (2011)
Journal of Textile Institute, Vol: 102. 7 July P.No 612-620
115. Fabrication of poly (vinylidene fluoride- co-hexa fluoropropylene) nano fibre yarns by conjugate electro spinning
F. Sun (2011)
Journal of Textile Institute, Vol: 102:7 July P.No 633-638

116. Processing of automotive fabrics
N.N.Mahapatra (2010)
Asian Dyers February- March P.No 33-38
117. Removal of reactive dye using carbon prepared from agricultural waste
C.Parvathi (2010)
Asian Dyers, June-July P.No 36-38
118. Application of nanotechnology in textile finishing
O L Shanmuga Sundaram (2010)
Asian Dyers, February-March P.No 46-50
119. One step water repellency and wrinkle recovery finish on woven fabric
S.Sakthivel, L.Karthikeyan and D.Gopalakrishnan (2010)
Asian Dyers, August-September P.No 43-45
120. Plasma textiles; the technology revolution in textiles
K.Senthilkumar (2011)
Asian Dyers, December-January P.No 45-50
121. Indian Acalypha; Herbal antimicrobial finishing of garments for skin diseases
V.Krishnaveni (2011)
Asian Dyers, December-January P.No 51-55
122. Chemical protective clothing
K.Mani (2011)
Asian Dyers, April-May P.No 38-42
123. Science in clothing comfort
Apurba das (2010)
Textile Magazines, June P.No 80
124. Agro textiles – Green house shade cloth for low cost poly house for controlled crop production
(2011)
MANTRA Textile Magazine, March P.No 1-10
125. Chemicals used for coating /lamination – II
M. D. Teli (2011)
MANTRA Textile Magazine, April P.No 1-7

126. Flame retardant systems for textiles
R. V. Adivarekar (2010)
Journal of Textile Association, Nov – Dec P.No 175-182
127. Spider silk
Usha sayed (2010)
Journal of Textile Association, Sep –Oct, P.No 118-122
128. Defence Textiles
Altaz sundrani (2010)
Journal of Textile Association, Sep-Oct P.No 128-136
129. Nonwoven market and technologies
Avinash Mayekar (2011)
Indian Textile Journal, Vol. 121(8), May P.No 61-74
130. Filtration in textile, a review
Prof U. J. Patil and Prafull P. Kolte (2011)
Indian Textile Journal, Vol. 121(8), May P.No 76-82
131. Elastic knitted fabrics for tight fit sportswear
M. Senthilkumar and Dr N. Anbumani (2011)
Indian Textile Journal, Vol. 121(9), June P.No 94-98
132. Hand related characteristics of polyurethane-coated fabrics
G. K. Tyagi, V. P. Singh, A. Chauhan, A. Sharma, A. Goyal and B. B. Malic (2011)
Indian Textile Journal, Vol. 121(9), June P.No 99-108
133. Stitch Designed Intelligent Clothing Based On Warp Knit
Raina F. El-Newashy et al. (2011)
Indian Textile Journal, Vol. 121(10), July P.No 50-58
134. Manufacturing and applications of jute fibers composites
G. Myvizhi rajeswari and K. Saravanan (2011)
Indian Textile Journal, Vol 121(10), July P.No 90-95
135. Factors affecting seam strength of geotextiles
M. A. Saad and R. F. El-Newashy (2011)
Indian Textile Journal, Vol 121(10), July P.No 96-100

136. Development of auxetic textiles
M.Venugopal and A Peer Mohamed (2010)
Indian Textile Journal, April P.No 47
137. New frontiers in piece dyeing of industrial textiles
Kurt Muller (2010)
Indian Textile Journal May P.No 92
138. Engineering textiles for soil consolidation
(2010)
Indian Textile Journal January P.No 79
139. Comfortable kid seats, warp knitted spacer textiles
(2010)
Indian Textile Journal, January P.No 88
140. Duro's eco layer, a unique fabric
(2010)
Indian Textile Journal February P.No 78
141. Measuring efficiency of dust filter fabrics
Prof A Mohammed A Saad, A Almetwally and Mohammed F Alkadey (2010)
Indian Textile Journal, March P.No 67
142. Monoforts, new stenter for coating process & technical textiles
(2010)
Indian Textile Journal, March P.No 90
143. What the nonwovens & Technical textiles sectors in India need
(2010)
Indian Textile Journal, August P.No 96
144. Super absorbent coolant Technology at IIT Delhi
(2010)
Indian Textile Journal, August P.No 104
145. Textile Reinforced rubber dam for water sheds
(2010)
Indian Textile Journal, August P.No 106

146. Development of nonwoven home textiles products
A.Sivakumar, T.Ramachandran and K Sundaresan (2010)
Indian Textile Journal, November P.No 73
147. TAC for air engineering in nonwoven plants
(2011)
Indian Textile Journal, April P.No 68
148. India's technical textiles mission; A reality
(2011)
Indian Textile Journal, April
149. High performance & High resistant fabrics
(2010)
Indian Textile Journal, P.No 65
150. Dyneema, diamond Technology takes cut resistant gloves to next level
(2010)
Indian Textile Journal, December P.No 86
151. NSC makes strides in turn key nonwoven lines
(2010)
Indian Textile Journal, December P.No 88
152. Technical textile & nonwoven
(2010)
Indian Textile Journal, October P.No 109
153. Improving personal protection through novel materials
S.Kay obendorf (2010)
Vol: 10: 4 July- August P.No 44-50
154. Effect of reinforcing elements on burning behaviour of fibre reinforced polymeric
composites
Mohammad Rafique Rashid et al (2010)
Vol: 10:4 July-august P.No: 51-56
155. Electro spinning nonwoven mats from regenerated silk fibroin aqueous solutions
Jijxin Zhu et al., (2010)
Vol 10.6 Nov-dec P.No 61-64

156. Preparation and characterization of biodegradable tercopolymers and their nanostructured fibers via electrospinning
Jia Yong Tong et al. (2010)
Vol 10 (3), May – June P.No 48-52

157. Pretty smart
Maria C. Thiry (2010)
Vol 10 (2), Mar – Apr P.No 28-33

158. Testing the water vapour transmission rate of smart textiles
Daniel Crespy et al. (2010)
Vol 10 (2), Mar – Apr, P. No 42 – 43

159. Testing the water vapour transmission rate of smart textiles
Daniel Crespy et al. (2010)
Vol 10 (2), Mar – Apr, P. No 42 – 43

160. Preparation and study of TPU/Collagen complex nanofiber via electrospinning
Rui Chen et al. (2010)
Vol 10 (2), Mar – Apr, P.No 59 – 63

161. Always touching fabric: Defining the risk of nanotech
Maria C. Thiry (2010)
Vol 10 (5), Sep – Oct, P.No 26 – 32

162. An approach to mass customization of military uniforms using super oleophobic nonwoven fabrics
Dnyanada Satam et al. (2010)
Vol 10 (5), Sep – Oct, P.No 59 – 62

163. Dyes in dye sensitized solar cells
Dr. N. Sekar (2010)
Vol: LVII (1), Jan P.No: 58-60

164. Processing of biophyl fibre in Textile industry
Dr. Mahapatra 2010
Vol: LVII (2) Feb P.No 62-64

165. Speciality chemicals: Functionality and sustainability
Shaishan shah, 2010
Vol: 57 (2) Feb P.No: 103-106
166. Auxetic Textiles
Varun S. Goud, (2010)
Vol: 57 (6) June P.No 45-48
167. Plasma treatment in the textile industry- an eco friendly approach to wet processing
Rena metha (2010)
Vol: 57 (7) July P.No: 45-48
168. Application of plasma in textile industry
Dr. Mahapatra (2010)
Vol: 57 (9), Sep P.No: 49-54
169. Electronic Textiles: A new generation textiles
Dr. Ruchi Kholiya (2010)
Vol: 57 (10) Oct P.No 67-72
170. Electronic Textiles: Innovations and Diversified applications
Dr. Ruchi Kholiya et al., (2010)
Vol: 57 (12) Dec P.No 45-54
171. Dyes for electro optical application
N. Sekar (2011)
Vol: 58 (4) Apr P.No 50-53
172. Awning: Product, market & opportunities
Dr.Salil Kumar Bhattacharya, Kashmita Bhattacharya & Biswajit Chaudhuri (2010)
The Indian Textile Journal, May, P.No.84-91
173. German know – how suitable for Indian Technical Textile Industry
(2010)
The Indian Textile Journal, May, P.No.95-97
174. Application of distance fabrics & multiple layers weaves in Technical
Textile
(2009)
The Indian Textile Journal, June, P.No.79-82

175. Agro-textiles: Production, properties & potential
Dr.V.Subramaniam, G.R.Poongodi & V.Veena Sindhuja (2009)
The Indian Textile Journal, April, P.No.73-77
176. Scope of Technical Textiles in space & aerospace
M.V.Ragavendra Pavan, Karthik Macharla, Dr.J.Hayavadana (2009)
The Indian Textile Journal, March, P.No.71-77
177. Manufactures / suppliers Indian Technical Textiles
(2010)
Asian Technical Textiles, April - June, P.No.17-28
178. An overview on Technical Textiles
Supriya Pal (2009)
Asian Technical Textiles, April-June, P.No.30-34
179. German Technical Textiles & Machinery
(2009)
Asian Technical Textiles, January - March, P.No.13-25
180. An Introduction to Agro Textiles
(2009)
Asian Technical Textiles, January - March, P.No.31-36
181. Life saving clothing protection against bullets
V.K.Kothari (2008)
Asian Technical Textiles, April – June, P.No.44-46
182. Automotive Textiles
(2007)
Asian Technical Textiles, October – December, P.No.21-27
183. Tips to boost the growth of Technical Textiles in India
Seshadri S.Ramkumar (2009)
Nonwoven & Technical Textiles, January – March, P.No.27-29
184. Growth road for the Indian Textile Industry
Seshadri S.Ramkumar (2008)
Nonwoven & Technical Textiles, October – December, P.No.9-10
185. Mini Technical Textile cluster at Jaipur
J.V.Rao (2008)
Nonwoven & Technical Textiles, October – December, P.No.11-19

186. Tarpaulins: Manufacture and industrial application
R.B.Chavan (2008)
Nonwoven & Technical Textiles, July – September, P.No.22-28
187. Advantage & disadvantage - growth of Technical Textiles in India
M.K.Bardhan (2008)
Nonwoven & Technical Textiles, April – June, P.No.13-20
188. Opportunities in Indian Technical Textiles & Government initiatives
Smt.Shashi Singh
Nonwoven & Technical Textiles, April – June 2008, P.No.21-27
189. Indian Government more optimistic item geo textile industry
(2010)
Technical Textiles International, January –February, P.No.2-5
190. Shopping Bags: Bagging Trouble
(2009)
TechTex India, April – June, P.No.40-42
191. Interior Car Seat Fabrics
(2007)
TechTex India, January to March, P.No.16
192. Seat Belts and Airbags Driving the Safety in Automotives
TechTex India, October to December 2007, P.No.37-40
193. Technology Upgradation Fund Scheme Modified
(2008)
TechTex India, January to March, P.No.10
194. Protective Textile Industry
(2008)
TechTex India, July to September, P.No.4-10
195. Sleeping Bag
(2008)
TechTex India, July to September, P.No.38-39
196. Role of Technical Textile Fabrics in Automobiles
MSR Naidu (2009)
TechTex India, January to March, P.No.32-35
197. Woven Filter fabrics impose special requirements
Industrial Fabrics Bulletin 4/2002,P.No.38-39

198. Weaving machines for technical fabrics
Industrial Textile Bulletin, Nonwovens & Industrial Textiles,3/1999, P.No.68-70
199. Progress of airbags in Japan
Industrial Textile Bulletin, Nonwovens & Industrial Textiles, 1/1998, P.No.16-17
200. Sewing threads for Industrial Textiles
Industrial Textile Bulletin, Nonwovens & Industrial Textiles,3/1998, P.No.26-27
201. Increased performance on tyre cord weaving machines
Industrial Textile Bulletin, Nonwovens & Industrial Textiles, 3/1996, P.No.50-51
202. Twisting system for tyre cord production
Industrial Textile Bulletin, Nonwovens & Industrial Textiles, 2/1993, P.No.22-25
203. Ballistic Protection Fabric and Bulletproof Vests
Kaustubh Nath (2010)
Textile Review, February, P.No.7-11
204. Compelling case for the Technical Textiles Sector in India
Seshadri S.Ramkumar (2009)
Textile Review, June, P.No.34-36
205. Opportunities on the Horizon for Technical Textiles
Seshadri S.Ramkumar (2009)
Textile Review, July, P.No.32-34
206. Time is right for Technical Textiles'
Seshadri S.Ramkumar (2009)
Textile Review, October, P.No.36-37
207. Roadmap for the Indian Technical Textile Industry
Seshadri S.Ramkumar (2009)
Textile Review, August, P.No.33-35
208. Are We Missing the Technical Textile bus?
Seshadri S.Ramkumar (2009)
Textile Review, September, P.No.30-32
209. Innovation has to play a key role if India endeavors to become a global leader in the field of Technical Textiles
Dr.Samrat Mukhopadhyay (2009)
Textile Review, December, P.No.04-06

210. New trends in materials technologies for Technical Textile
Roshan shishoo (2009)
Asian Textile Journal, December, P.No.27-28
211. Packtech Textiles for packaging
Surya Nath Chaudhary & A K Rakshit (2009)
Asian Textile Journal, May, P.No.64-71
212. Some applications of Geo Textiles in Civil Engineering -A review
(2009)
Man Made Textiles in India, January, P.No.11-13
213. Textiles in Aero Space
P.Ganesan, P.Chandrasekaran & Dr. Louis D'Souza (2009)
Man Made Textiles in India, March, P.No.81-84
214. Geotextiles for highways and pavement applications and project profile
S R Naik and B S Pancholi (2008)
Asian Textile Journal, December, P.No.71-76
215. Technical Textiles
Rakesh Goyal & C.N.Praphu (2008)
Colourage, November, P.No.93-97
216. Textile Machinery for Technical Textile
Rahal G Asai (2006)
Asian Textile Journal, March, P.No.31-40
217. Technical Textiles: A dynamic sector
Shailesh V Marwaha, Vivek Satyam and Aditya Kulkarni (2006)
Asian Textile Journal, June, P.No.81-86
218. Techno Economic Projections of Technical Textiles
M.Parthiban (2006)
The Indian Textile Journal, December, P.No.59-62
219. Safety and protective clothing
Anita A Desai (2006)
The Indian Textile Journal, November, P.No.53-60
220. Various Geosynthetics in preventing reflective cracking
Dr.A.K.Rakshit, Manisha A Hira & Suresh Sambari (2007)
Man-made Textiles in India, April, P.No.124-128

221. Agrotech: Textiles for Agriculture
Sapna Gautam, Anupma Mishra and Alka Goel (2007)
Asian Textile Journal, February, P.No.50-53
222. Potential of Non Woven, Woven & Knits in the World of Transportation
J.Hayavadana, K.H.Prabhu & Mamta Bhakuni (2006)
Man-made Textiles in India, November, P.No.434-442
223. Mobiltech : Nonwoven vs woven & knits
J.Hayavadana, K.H.Prabhu & Mamta Bhakuni (2007)
The Indian Textile Journal, March, P.No.53-66
224. Woven fabric structures in Technical Textiles
N.Gokarneshan (2007)
Textile Asia, July, P.No.48-50
225. Application of protective clothing in Textiles
M.Parthiban, M.Rameshkumar (2007)
The Indian Textile Journal, May, P.No.83-86
226. Textiles in Agriculture
D.Gopalakrishnan, B.Venugopal and A.Rajkumar (2007)
Asian Textile Journal, August, P.No.89-93
227. Automobile upholstery fabrics: Their serviceability & durability'
Anjali Karolia and Maheen A Saiyed (2006)
Asian Textile Journal, October, P.No.33-37
228. Fibre Materials for advanced technical textiles
Textile Progress, Vol.40, No.2, 2008
229. Safer Nylon Airbags in Automobiles
Prmod Kakkanavar, Dr.P.M.Damodara Rao, T.Halaswamy, Dr.G.S.Nadiger
Textile Committee, Mumbai, (2009), Vol.8 No.1, P.No.7-11
230. Geotextiles: Increasing Road Performance
TechTex India, P.No.12
231. Technical Textiles & An Indian Overview
(2008)
Asian Technical Textile, July-September, P.No.11-14
232. Indian Technical Textile Properties
S.Chakrabarty (2008)
Asian Technical Textile, January - March, P.No.36-40

233. Technology gains ground as India moves to technical textiles (2009)
Technical Textiles International, July-August, P.No.31-34
234. Woven Fabric Structures in Technical Textile
N.Gokarneshan (2007)
Textile Asia, July, P.No.48-50
235. Manufacturers / Suppliers Indian Tech Textiles (2010)
Asian Technical Textile, April-June, P.No.17-28
236. Weaving of Technical Textiles (2007)
Asian Technical Textile, October-December, P.No.34-35
237. India enjoys strong growth, despite its large, unrealized potential (2009)
Technical Textiles International, June, P.No.39-44
238. Technical Textiles Emerging Opportunity
Seshadri S.Ramkumar (2010)
Textile Review, February, P.No.38-39
239. Indian Technical Textiles prospects
S.Chakrabarty (2008)
Asian Technical Textile, January - March, P.No.36-40
240. Techtexil India Preview (2009)
Asian Technical Textiles, July-September, P.No.15-33
241. A Prelude to Mobiletech
M.Sumathi & R.Rathinamoorthy (2010)
Textile Review, January, P.No.33-39
242. Why Technical Textiles
Seshadri S.Ramkumar (2009)
Textile Review, May, P.No.33-36
243. Fire Retardant Textiles
Dr.N.N.Mabapatra (2010)
Textile Review, April, P.No.35-38
244. Technical Textiles offer tremendous scope in the Domestic Market
Seshadri S.Ramkumar (2010)
Textile Review, April, P.No.21-22
